# See how small big can be
## LIFEBOOK P1510 convertible Tablet PC

### Discover a new class of versatility

Full-featured powerful notebook converts into lightweight Tablet PC

### Endurance on the move

The perfect mix of power and battery runtime
LIFEBOOK P1510 with Intel®Centrino™Mobile Technology

# LIFEBOOK P1510: Light weight – heavy-duty performance

**LIGHTEN YOUR LIFE**

## Reduced size, extended features

The LIFEBOOK P1510 is the world's lightest convertible Tablet PC with an 8.9" widescreen display. Yet it manages to squeeze in the latest Intel® Centrino™ Mobile Technology, ample memory for productivity applications and enough hard drive for unrestricted mobility. Not only does the LIFEBOOK P1510 pack a powerful punch – it looks the part. Outstanding design and a sleek silver casing exude sheer sophistication, making it a must-have for mobile professionals, road warriors and trendsetters.

- Lightest 8.9" convertible Tablet PC with Windows®XP Tablet PC Edition 2005
- Latest integrated technology delivers ultimate performance
- State-of-the-art connectivity through integrated WLAN and Bluetooth
- Touchscreen (passive digitizer) allows you to write with any utensil

**Fujitsu Siemens Computers recommends Windows®XP Tablet PC Edition 2005.**

THE PERFECT ALL-ROUNDER

## Hard work made easy

Whatever your workflow demands, the LIFEBOOK P1510´s winning combination of style, portability, performance and ergonomics easily tackles the most demanding tasks. Use it as a fully functional desktop in your office, make notes on the go, synchronize your mails from the airport or relax and flick through your holiday snaps. Regardless of your profession, the LIFEBOOK P1510 will never let you down.

A PLEASURE TO USE

## Small footprint, big impression

This ultra light convertible Tablet PC doesn't just look good – it's a dream to use. The wide viewing-angle display means you get a bright, clear image at almost any angle – perfect for demos and presentations. And the outstanding passive digitizer screen swivels smoothly to convert the notebook to a handy Tablet PC. The LIFEBOOK P1510 automatically switches from portrait to landscape mode, also supporting a non-digitized pen for maximum convenience. And with Windows®XP Tablet PC Edition 2005, compatibility with Microsoft®Office applications is guaranteed– you can even search through handwritten documents.

Programmable one-touch launch buttons, ergonomic keyboard and mouse buttons and a conveniently positioned touchstick make working with the LIFEBOOK P1510 a pleasure no matter where you are.

MOBILE TECHNOLOGY

TOUCH AND GO

## One touch, multi-level protection

The LIFEBOOK P1510 also takes security to the next level with robust smart security features such as fingerprint recognition technology and Smarty software. Just press your finger to the fingerprint reader and you're in without ever needing to enter a password. Similarly, fingerprint-enabled encryption of confidential files and folders keeps unwelcome intruders out. And that's not all. The LIFEBOOK P1510 is tied to the TPM (Trusted Platform Module), which acts as a hardware vault for passwords and encrypted keys.

Actual size

**At your fingertips**

- Compact Flash Card & SD Card slot for quick data transfer, backup, additional software and functionality
- USB and audio connectors conveniently positioned for hassle-free connection of plug & play peripherals
- Optional port replicator transforms this ultra portable device into a full-featured desktop, enabling easy docking and undocking without the confusion of cables

GERMAN ENGINEERING MEETS JAPANESE INNOVATION

## Robust outside, flexible inside

The LIFEBOOK P1510 is designed to deliver the highest standards of reliability and innovation. The power-saving Intel®Centrino™ Mobile Technology optimizes battery runtimes, while also ensuring sufficient performance for heavy workloads. The LIFEBOOK P1510 has numerous innovative, robust features such as its outstanding hinge technology, a sturdy magnesium housing, interface protection, shock absorbers for the hard disk and temperature control.

**We make sure.** Our responsibility is to harness the full potential of the latest mobile technologies to the benefit of your company. As the leading European IT company, we offer a portfolio of exceptional depth, ranging from mobile systems and PCs through servers to enterprise-class infrastructure solutions.
